How to Check the Disk Usage and the Bandwidth Usage of Directories

cPanel Control Panel · https://www.aeserver.com/support/how-to-check-the-disk-usage-and-the-bandwidth-usage-of-directories/

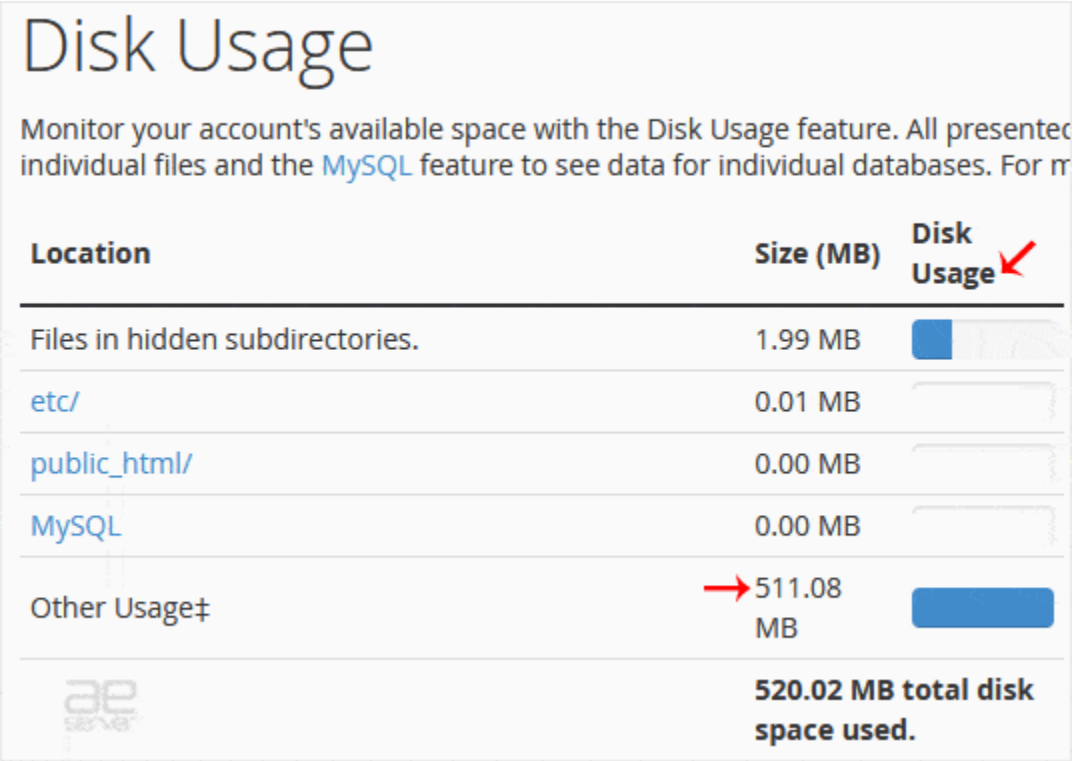
If you are getting a disk space usage warning from cPanel and don't know which directory is using too much space, then this tutorial will be helpful for you.

1. Log in to your cPanel account.

2. In the **Files** section, click on **Disk Usage**.

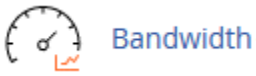
Disk Usage

3. From the Disk Space Usage area, you can see which directory is using a lot of space and check the disk usage of MySQL.



How to check the Bandwidth Usage?

1. In the **Metrics** section, click on **Bandwidth**.



2. Here, you can check the bandwidth usage of your domain.
