You can find our nameservers in your hosting welcome email. You need to update your domain nameservers to our nameservers.

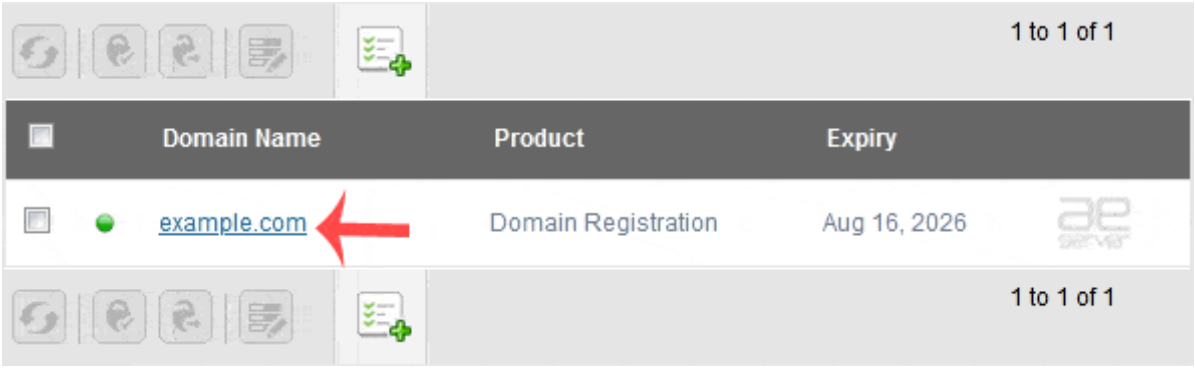

If your domain is registered on NetEarthOne or LogicBoxes-based registrars, you should follow this tutorial to update your domain's Nameservers.

1. Open the NetEarthOne.com or LogicBoxes-based registrar website and log in to your account.

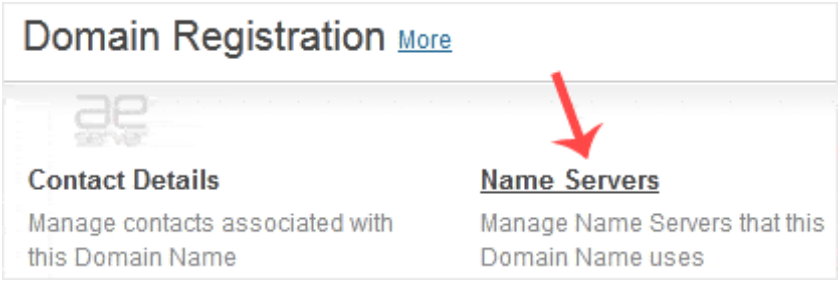

2. After a successful login, click on **List/Search Orders** from the **Manage Orders** drop-down menu.

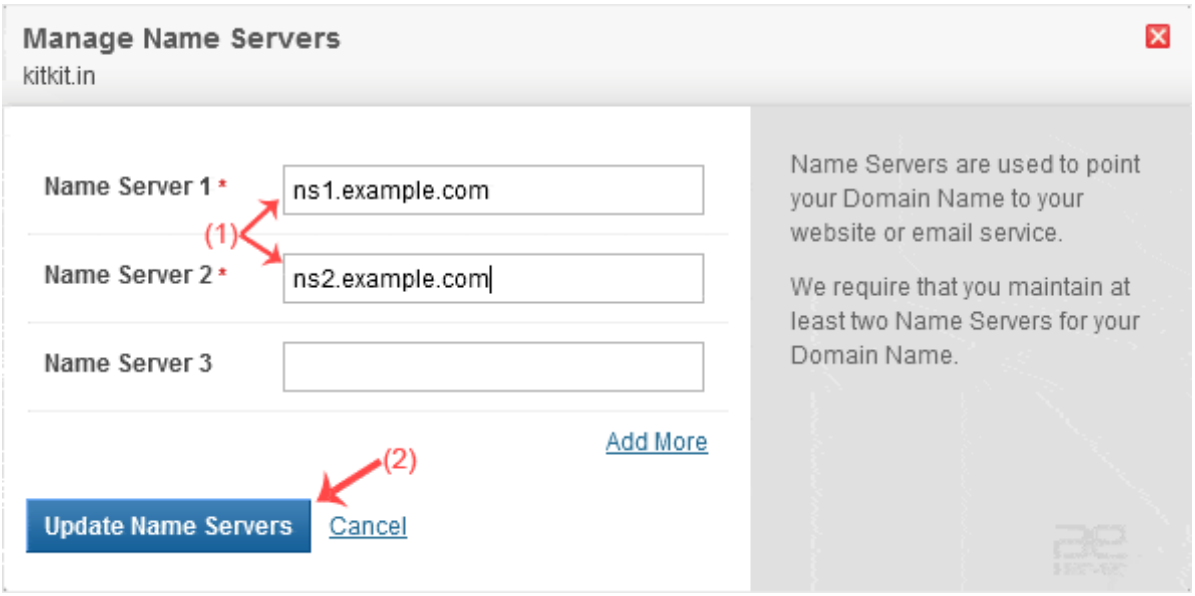

3. Under **Domain Name**, click on the appropriate choice.

4. Scroll down to the **Domain Registration** option and click on **Name Servers**.

5. Enter the nameservers found in our Welcome Email and click on **Update Name Servers**.

Note: It may take anywhere from 12 to 24 hours for the changes to take effect worldwide.
